Discontinuance of the publication of Provincial Reports on the administration of Indian Companies Act.

I am directed to refer to the correspondence ending with your letter No. 4155-M.S., dated the 23rd December 1933, etc and to state that the Government of India have decided that the monthly publication issued by the Commercial Intelligence and Statistics Department, Calcutta, on the working of Joint Stock Companies in India should be so expanded as to include the necessary information at present contained in the provincial annual reports on the administration of the Indian Companies Act and that the latter should be discontinued. The expanded monthly publication as referred to above will be compiled and issued by the Commercial Intelligence and Statistics Department, Calcutta, with effect from April 1935. In this connection I am to enclose a set of revised forms of statements which will serve as models for preparing the returns required for the expanded publication under contemplation and to request that necessary instructions may be issued to the authorities concerned to furnish to the Director General of Commercial Intelligence and Statistics, Calcutta, the three monthly returns (numbered I to III) not later than the 15th of the month following that to which the figures relate and the return for the official year ending March (numbered IV) not later than the 15th of the following June.

I am, however, to point out that the revised arrangement does not affect the question of supply, in future, of complete and detailed lists of Joint Stock Companies both Indian and Foreign at work at on 31st March each year to the Director General of Commercial Intelligence and Statistics, as heretofore

heretofore. These lists will still be necessary for inclusion in the All-India Annual Volume relating to Joint Stock Companies.

2. As regards the apprehensions entertained by certain local Governments that the revised arrangement would throw considerable additional work on the office of the Registrar of Joint Stock Companies, I am to say that at present the Registrars are already collecting most of the information required and the additional items on which information will have to be supplied do not appear to be such as to detract from the value of the proposed arrangement.

3. The Government of Bengal had made a suggestion that in the proposed form 6-A sent with this Department letter No.90-C(6)/33, dated the 14th September 1933 (which now corresponds to return numbered II), the part dealing with companies limited by guarantee should also contain an additional column for giving the number of members. The Government of India have considered the matter and are of opinion that no separate column showing the number of members of a company limited by guarantee or Association not for profit seems necessary as liquidations of such companies are very few in number. The number of members or other particulars may, however, be shown against the names of such companies.

4. As regards the observations made by the Government of Madras, I am to say that the Government of India have no objection to Statement 1-A (since replaced by return numbered IV) being supplied to the Director General of Commercial Intelligence and Statistics in the month of June. The statement in question will be published as a supplement to the June issue of the proposed monthly publication which is likely to be issued by the following August. I am also to add that as proposed by the Local Government in the case of Nidhis,

increases in the authorised capital alone may be shown but a footnote may be added to the effect that the figures exclude subscribed and paid up capital of Nidhis.

5. I am to add that the revised arrangement mentioned above does not affect the maintenance of the list of Societies registered under the Societies Registration Act, 1860. I am to request that the Registrars of Joint Stock Companies may be asked to keep in future the said list up-to-date in their respective offices.

Discontinuance of the publication of Provincial Reports on the administration of Indian Companies Act.

I am directed to refer to the correspondence ending with your letter No.4155-M.S., dated the 23rd December 1933, etc. and to state that the Government of India have decided that the monthly publication issued by the Commercial Intelligence and Statistics Department, Calcutta, on the working of Joint Stock Companies in India should be so expanded as to include the necessary information at present contained in the provincial annual reports on the administration of the Indian Companies Act and that the latter should be discontinued. The expanded monthly publication referred to above will be compiled and issued by the Commercial Intelligence and Statistics Department, Calcutta, with effect from April 1935. In this connection I am to enclose a set of revised forms of statements which will serve as models for preparing the returns required for the expanded publication under contemplation and to request that necessary instructions may be issued to the authorities concerned to furnish to the Director General of Commercial Intelligence and Statistics, Calcutta, the three monthly returns (numbered I to III) not later than the 15th of the month following that to which the figures relate and the return for the official year ending March (numbered IV) not later than the 15th of the following June.

FOR REGISTRAR.

6/5

Copy of Circular No. 92-C(6)/33 dated, New Delhi, the 18th March 1935 from the Under Secretary to the Government of India, to the Secretaries to the Governments of Madras, Bombay etc.

Discontinuance of the publication of Provincial Reports on the administration of Indian Companies Act.

Sir,

I am directed to refer to the correspondence ending with your letter No. 4155-MS. dated the 23rd December 1933 the letter from this No. 92-C(6), dated the 16th June 1934 with your letter No. x x dated x x

and to state that the Government of India have decided that the monthly publication issued by the Commercial Intelligence and Statistics Department, Calcutta, on the working of Joint Stock Companies in India should be so expanded as to include the necessary information at present contained in the provincial annual reports on the administration of the Indian Companies Act and that the latter should be discontinued. The expanded monthly publication referred to above will be compiled and issued by the Commercial Intelligence and Statistics Department, Calcutta, with effect from April 1935. In this connection I am to enclose a set of revised forms of statements which will serve as models for preparing the returns required for the expanded publication under contemplation and to request that necessary instructions may be issued to the authorities concerned to furnish to the Director General of Commercial Intelligence and Statistics, Calcutta, the three monthly returns (numbered I to III) not later than the 15th of the month following that to which the figures relate and the return for the official year ending March (numbered IV) not later than the 15th of the following June.

I am, however, to point out that the revised arrangement does not affect the question of supply, in future, of complete

complete and detailed lists of Joint Stock Companies both Indian and Foreign at work as on 31st March each year to the Director General of Commercial Intelligence and Statistics, as heretofore. These lists will still be necessary for inclusion in the All-India Annual Volume relating to - Joint Stock Companies.

2. As regards the apprehensions entertained by certain - local Governments that the revised arrangement would throw considerable additional work on the office of the Registrar of Joint Stock Companies, I am to say that at present the Registrars are already collecting most of the information required and the additional items on which information will have to be supplied do not appear to be such as to detract from the value of the proposed arrangement.

3. The Government of Bengal had made a suggestion that in the proposed form 6-A sent with this Department letter No.90-C(6)/33, dated the 14th September 1933(which now corresponds to return - numbered II), the part dealing with companies limited by guarantee should also contain an additional column for giving the number of members. The Government of India have considered the matter and are of opinion that no separate column showing the number of - members of a company limited by guarantee or Association not for profit seems necessary as liquidations of such companies are very few in number. The number of members or other particulars may, however, be shown against the names of such companies.

4. As regards the observations made by the Government of Madras, I am to say that the Government of India have no objection to - Statement 1-A (since replaced by return numbered IV) being supplied to the Director General of Commercial Intelligence and Statistics in the month of June. The statement in question will be published as a supplement to the June issue of the proposed monthly publication which is likely to be issued by the following August. I am also to add that as proposed by the Local Government in the case of Nidhis, increases in the authorised capital alone may be shown but a footnote may be added to the effect that the figures exclude - subscribed

subscribed and paid up capital of Nidhis.

5. I am to add that the revised arrangement mentioned above does not affect the maintenance of the list of Societies registered under the Societies Registration Act, 1860. I am to request that the Registrars of Joint Stock Companies may be asked to keep in future the said list up-to-date in their respective offices.

No. 92-C(6)/33.

Copy, with enclosures, forwarded to the Local Administrations for information and favour of necessary action.

Copy, with enclosures, forwarded to the Foreign and Political Department for information and necessary action. The Hyderabad, Mysore, Baroda, Travancore and Cochin States may be asked to furnish both monthly and annual returns and the States of Gwalior and Indore to furnish only the annual return by the due dates.

Copy forwarded to the Home Department for information.
